# It's All About You

A2z Canopies specialises in providing a personalised one-stop Canopy Shop

## Make Use of Outside!

Our adaptable and multi-use Self-supporting Canopies will transform your open area into a multi-functional break-out activity area suitable for educational and recreational use.

All of our Canopies are

installed with sheeting that provide protection against harmful UV rays and provide shelter from the snow, sleet and rain.

## Safety First

Long-time established since 2002 A2z Canopies have partnered with public and

private sectors to design, manufacture and install Canopies throughout the UK.

We have had our Self-supporting Canopies independently tested for snow-load and wind-load to ensure they meet the stringent Building Regulations.

## Gold-Star Service

Our goal is to ensure that you have a hassle free service and are supported in making the right decision when considering your Canopy solution.

To do that, we will work in partnership with you, helping with things like planning and ensuring no disruption to your school's routine.

A2z Canopies uses their own trained staff to install Canopies

## From Start to Finish

It's simple. We can design you a Canopy, help with planning, and then manufacture, build and install your Canopy.

### Self-Supporting Canopies

We survey the space and provide advice and drawings to support your school in making an informed decision on the best solution to meet your requirements and budget.

### Adaptable & Scalable

Our Self-supporting Canopies are versatile and adaptable allowing personalisation on colours, length and projection.

### Multiple-Uses

Our Canopies can be used for providing shelter for educational activities, break-out areas and eating areas to name but a few making excellent, practical use of out-door space.

### Not Just Any-old Plastic

The beams and sheeting are made out of Glass Reinforced Plastic (GRP) meaning they have industrial strength properties and designed to be tough and long lasting.

# Design / Manufacture / Install

Built with Safety in mind. We design your Canopy, help with planning, and then manufacture, build and install your Canopy.

## Starting it up

From the start you will get a tailored service and a committed Design coordinator to ensure your Canopy is designed and installed within time and budget.

## Design to Manufacture

Our professional Quotation service includes providing drawings, safety and risk assessments and recommendations based on the Canopy requirements and location.

## Installation

An Installation date is agreed and planned to cause minimum disruption. Our customer promise means that you can be assured it will be completed on budget and within the agreed time-scale.

## Any Colour Under The Sun

Cantilevered, self-supporting Canopies provide a safe, economical solution to transforming your open-space

**You Name It...  
We Cover It...**

# Ideal Solution

Our Canopies have provided cover for thousands of pupils!

## Partnership

Dedicated to providing a safe,  
functional Canopy

## Flexible

Our Canopies are a flexible,  
adaptable solution to cover-  
ing space and over the years  
have installed on hundreds  
of domestic and public prop-  
erties.

## Design & Make

Manufacture the Canopy to  
the agreed specifications

## Quality

We manufacture our product  
in the UK so we have full  
control over the quality of  
materials used and this gives  
us the ability to customise  
our product to your require-  
ments.

## Guarantee

Quality & value is what  
A2z Canopies deliver

## Guarantee

All our Canopies are made of  
industrial quality materials  
and come with a solid guar-  
antee of 10 years but have a  
life expectancy of more than  
25 years.

**The design and qual-  
ity is second to none,  
we would highly  
recommend A2z  
Canopies**

# With A2z Canopies...

## *You're Covered...*

Our Cantilever Canopy solutions are safe, long lasting and value for money.

**With A2z Canopies you can be assured that we will work in partnership to identify the best solution for your open space to accommodate the growing need to have a flexible out-door covered space.**

Our Design team can provide options, advice and recommendations on the most suitable and practical solution to meet your needs ensuring a safe, fit for purpose Canopy design.

We provide a no obligation Survey service and provide recommendations and drawings to support the proposed design and quotation.

### **Adaptations**

Our self-supporting design can be adapted to a projection of upto 3.6M but we can extend projections using our Lean-To Canopy solution.

### **Steel Design**

We use steel to build our Lean-To structures which are secured into the ground using concrete. We adhere to building control regulations to ensure stability, safety and ensure the greatest life-

span of your Canopy.

### **Customisation**

All Steel Posts can be Galvanised and powder-coated to a colour of your choice. Additional side sheeting can be installed and can be attached to a building or free standing.

### **No Fuss Service**

We are experts in our field so be confident that when you choose A2z Canopies you will be in safe hands.

//
